**Item 5.02. Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements with Certain Officers.**

The Board of Directors (the “Board”) of Greenlane Holdings, Inc. (“Greenlane” or the “Company”) previously approved, subject to stockholder approval, the Second Amended and Restated Greenlane Holdings, Inc. 2019 Equity Incentive Plan (the “Amended Plan”). At the Company’s Annual Meeting of Stockholders held on August 4, 2022 (the “Annual Meeting”), the Company’s stockholders approved the Amended Plan, which among other things, increases the number of shares of Greenlane Class A common stock, \$0.01 par value per share (the “Class A common stock”), authorized for issuance under the plan by 15,700,000 shares.

**Item 5.03. Amendments to Articles of Incorporation or Bylaws; Change in Fiscal Year.**

On August 4, 2022, the Company filed a Certificate of Amendment (the “Certificate of Amendment”) to its Amended and Restated Certificate of Incorporation with the Secretary of State of the State of Delaware, which will effect a one-for-20 Reverse Split (as defined below) of Greenlane’s issued and outstanding Class A common stock and Class B common stock, par value \$0.0001 per share (the “Class B common stock” and together with the Class A common stock, the “Common Stock”) which will become effective at 5:01 PM Eastern Time on August 9, 2022, after the close of trading on The Nasdaq Global Market (“Nasdaq”).

As a result of the Reverse Split, every 20 shares of Common Stock issued and outstanding will be converted into one share of Common Stock. No fractional shares will be issued in connection with the Reverse Split. Stockholders who would otherwise be entitled to a fractional share of Common Stock will instead receive a cash payment equal to such fraction multiplied by the average of the closing sales prices of the Class A common stock on the Nasdaq for the five consecutive trading days immediately preceding the effective date.

The Reverse Split will not change the par value of the Common Stock or the authorized number of shares of Common Stock. The Reverse Split will affect all shareholders uniformly and will not alter any stockholder’s percentage interest in Greenlane’s equity (other than as a result of the payment of cash in lieu of fractional shares). All outstanding options, restricted stock awards, warrants and other securities entitling their holders to purchase or otherwise receive shares of Common Stock will be adjusted as a result of the Reverse Split, as required by the terms of each security. The number of shares available to be awarded under the Amended Plan, which was approved by stockholders at the Annual Meeting as described above, will also be appropriately adjusted.

The Class A common stock will begin trading on the Nasdaq on a post-reverse split basis when the market opens on August 10, 2022. The new CUSIP number for the Class A common stock will be 395330202.

The foregoing brief description is qualified in its entirety by the text of the Certificate of Amendment, a copy of which is incorporated herein by reference as Exhibit 3.1 hereto.

**Item 5.07. Submission of Matters to a Vote of Security Holders.**

At the Annual Meeting, the stockholders of the Company approved all of the proposals presented, which are described in detail in the Company’s Definitive Proxy Statement that was filed with the Securities and Exchange Commission on June 21, 2022 (the “Proxy Statement”).

## Greenlane Announces Board's Approval of Reverse Stock Split Ratio and Effectiveness Date

BOCA RATON, FL / August 4, 2022 – Greenlane Holdings, Inc. (Nasdaq: GNLN) (“Greenlane”), one of the largest global sellers of premium cannabis accessories, child-resistant packaging, and specialty vaporization products, today announced that it will effect a one-for-20 reverse stock split (“reverse split”) of its Class A common stock, par value \$0.01 per share (“Class A common stock”) and Class B common stock, par value \$0.0001 per share (“Class B common stock” and together with the Class A common stock, the “Common Stock”) that will become effective on August 9, 2022 at 5:01 PM Eastern Time, after the close of trading on The Nasdaq Global Market (“Nasdaq”). On August 10, 2022, Greenlane’s Class A common stock will begin trading on a post-reverse split basis on the Nasdaq under the existing symbol “GNLN.”

The reverse split is primarily intended to bring Greenlane into compliance with the minimum bid price requirement for maintaining its listing on the Nasdaq. The new CUSIP number for the Class A common stock following the reverse split will be 395330202.

At Greenlane’s annual meeting of stockholders on August 4, 2022 (the “Annual Meeting”), Greenlane’s stockholders approved the proposal to authorize Greenlane’s board of directors (the “Board”), in its sole and absolute discretion, to file an certificate of amendment (the “Amendment”) to Greenlane’s amended and restated certificate of incorporation to effect the reverse split at a ratio to be determined by the Board, ranging from one-for-five to one-for-20. On August 4, 2022, the Board approved the reverse split at a ratio of one-for-20 and the Amendment was filed with the Secretary of State of the State of Delaware, which will become effective on August 9, 2022 at 5:01 PM Eastern Time, after the close of trading on the Nasdaq.

The reverse split will affect all issued and outstanding shares of Common Stock. All outstanding options, restricted stock awards, warrants and other securities entitling their holders to purchase or otherwise receive shares of Common Stock will be adjusted as a result of the reverse split, as required by the terms of each security. The number of shares available to be awarded under Greenlane’s Second Amended and Restated 2019 Equity Incentive Plan, which was approved by stockholders at the Annual Meeting, will also be appropriately adjusted. Following the reverse split, the par value of the Class A common stock will remain unchanged at \$0.01 per share and the par value of the Class B common stock will remain unchanged at \$0.0001 per share, respectively. The reverse split will not change the authorized number of shares of Common Stock or preferred stock. No fractional shares will be issued in connection with the reverse split, and stockholders who would otherwise be entitled to receive a fractional share will instead receive a cash payment equal to such fraction multiplied by the average of the closing sales prices of the Class A common stock (as adjusted to give effect to the reverse split) on the Nasdaq for the five consecutive trading days immediately preceding the effective date. The reverse split will affect all stockholders uniformly and will not alter any stockholder’s percentage interest in Greenlane’s equity (other than as a result of the payment of cash in lieu of fractional shares).

The reverse split will reduce the number of shares of Class A common stock issued and outstanding from approximately 137.5 million to approximately 6.9 million and reduce the number of shares of Class B common stock issued and outstanding from approximately 5.2 million to approximately 260,000.
