Greenlane Announces Financial Results for the Third Quarter of 2019

BOCA RATON, Fla., November 8, 2019 – Greenlane Holdings, Inc. (Nasdaq: GNLN) (“Greenlane” or “the Company”), one of the largest global sellers of premium cannabis accessories, CBD and liquid nicotine products, today reported financial results for its third quarter ended September 30, 2019.

Third Quarter 2019 and Other Recent Financial and Operating Highlights:

- Net sales increased 3.0% to \$44.9 million;
- Expanded European footprint with acquisition of Conscious Wholesale, a leading European wholesaler and retailer, and partnership with NOUS to bring Higher Standards branded and curated shops-in-shops to Paris, France; pro forma¹ net sales including Conscious Wholesale would have been \$47.3 million;
- Continued to grow and diversify portfolio of owned brands and direct-to-consumer retail operations, including new Higher Standards partnerships and strong VIBES sales, which have surpassed half a million dollars since its launch in Q2;
- Entered into a lease agreement for Higher Standards' third retail location in Malibu, CA;
- Signed exclusive U.S. and Canadian distribution partnership with Omura for new heat-not-burn technology;
- Signed a number of high-profile distribution agreements and partnerships to expand hemp-derived CBD offerings, including Green Lotus, Bouquet, Cookies, Sherbinskis and Shaboink;
- Entered into exclusive agreements to distribute Santa Cruz Shredders' iconic, state-of-the-art grinders and PHILTER's groundbreaking filtration technology, known as the POCKET and PHLIP brands;
- Net loss was \$9.0 million compared to \$0.1 million in the prior year period, impacted by higher cost of sales, investments in people and equipment, and higher depreciation and amortization expense; pro forma¹ net loss including Conscious Wholesale would have been \$8.4 million;
- Adjusted net loss was \$7.5 million compared to adjusted net income of \$0.02 million in the prior year period;
- Adjusted EBITDA was a loss of \$3.4 million compared to a gain of \$0.9 million in the prior year period;
- Well-funded to execute upon pipeline of growth initiatives, with \$52.5 million in cash compared to \$7.3 million as of December 31, 2018.

All growth rates reflect year-over-year growth comparing the third quarter of 2019 to the third quarter of 2018.

“In the third quarter, we continued to focus on our three strategic pillars of growing our supply and packaging business, enhancing our portfolio of owned brands, and expanding our direct-to-consumer operations to drive sustainable long-term growth,” said Aaron LoCascio, Greenlane’s Chairman and Chief Executive Officer. “Although we experienced some impact to sales of JUUL and other vaporization-related products related to regulatory uncertainty and the reports of acute liquid vaping-related health conditions, our core business remains strong, which going forward will be a larger focus of our strategy. Our extensive distribution platform continues to attract more premium cannabis and CBD brands, further strengthening our position in the market and adding value for our retail partners. We also pursued several opportunities to expand our owned brands and direct-to-consumer operations and meaningfully enhanced our footprint in Europe with our acquisition of Conscious Wholesale and our partnership with NOUS. Overall, I’m confident that we have the right strategy in place and are making important investments to realize long-term growth opportunities for Greenlane.”

Third Quarter 2019 Results

For the third quarter ended September 30, 2019, the Company reported net sales of \$44.9 million, an increase of 3.0%, compared to \$43.6 million in the third quarter of 2018. Pro forma¹ net sales including Conscious Wholesale would have been \$47.3 million for the third quarter of 2019. The increase in net sales was primarily due to the growth in popularity and availability of products from our top six product lines, which collectively resulted in net sales of approximately \$33.8 million, compared to approximately \$31.8 million for the same period a year ago, representing a 6.3% increase. Sales in Canada grew 100% from the same period a year ago, supported by the expansion of the Canadian cannabis market. Net sales growth was offset by industry headwinds and consumer concerns around vaping-related illnesses and a company decision to proactively move away from low margin deals, including a \$2.0 million decrease related to vaporizers and vaporizer accessory products within the top six brands.

Gross profit for the third quarter of 2019 was \$6.4 million, or 14.3% of net sales, compared to \$8.9 million, or 20.4% of net sales, for the same period in 2018. Pro forma¹ gross profit including Conscious Wholesale would have been \$7.6 million, or 16.1% of net sales, for the third quarter of 2019. The decline in gross profit as a percentage of net sales on a year-over-year basis primarily reflects changes in sales mix, volume purchase rebates, and promotions with a key product supplier.

Salaries, benefits and payroll tax expenses for the third quarter of 2019 increased approximately \$2.7 million to \$6.6 million, or 14.6% of net sales, compared to \$3.9 million, or 8.9% of net sales, for the same period in 2018. This increase was primarily due to incremental personnel expenses of approximately \$1.2 million to further expand domestic sales and marketing efforts, and approximately \$1.5 million in equity-based compensation expense.

General and administrative (G&A) expenses for the third quarter of 2019 increased approximately \$0.5 million to \$4.7 million, or 10.5% of net sales, compared to \$4.2 million, or 9.7% of net sales, for the same period in 2018. The increase is primarily due to an incremental \$0.2 million in marketing expenses, and a \$0.1 million increase each in insurance expenses, in bank merchant fees and in computer hardware and software expenses.

Net loss for the third quarter of 2019 was \$9.0 million and was impacted by \$1.5 million of equity-based compensation expense mentioned above. Pro forma¹ net loss including Conscious Wholesale would have been \$8.4 million.

Adjusted net loss for the third quarter of 2019 was \$7.5 million compared to adjusted net income of \$0.02 million for the third quarter of 2018.

Adjusted EBITDA was a loss of \$3.4 million for the third quarter of 2019 compared to a gain of \$0.9 million for the same period in 2018.

Balance Sheet & Liquidity

The Company's cash at September 30, 2019 was \$52.5 million and total debt was \$8.2 million, compared to \$7.3 million and \$48.5 million, respectively, at December 31, 2018.

Share Repurchase Program

Greenlane also announced today that its Board of Directors has approved a stock repurchase program authorizing up to \$5.0 million in share repurchases of the Company's outstanding shares of Class A common stock.

Under the program, the Company may repurchase shares in accordance with all applicable securities laws and regulations, including Rule 10b-18 of the Securities Exchange Act of 1934, as amended. The Company may periodically repurchase shares in open markets transactions, directly or indirectly, in block purchases and in privately negotiated transactions or otherwise. The timing, pricing, and amount of any repurchases under the share repurchase program will be determined by the Company's management at its discretion based on a variety of factors, including, but not limited to, trading volume and market price of the Company's Class A common stock, corporate considerations, the Company's working capital and investment requirements, general market and economic conditions, and legal requirements. The share repurchase program does not obligate the Company to repurchase any common stock and may be modified, discontinued, or suspended at any time.

Presentation of Financial Information

This press release includes historical consolidated results for the periods presented of Greenlane Holdings, LLC, the predecessor of Greenlane Holdings, Inc., for financial reporting purposes. Accordingly, the condensed consolidated financial statements for periods prior to the completion of the IPO on April 23, 2019 have been adjusted to combine the previously separate entities for presentation purposes. Amounts for the period from January 1, 2019 through April 22, 2019, as of December 31, 2018, and for three and nine months ended September 30, 2018 presented in the condensed consolidated financial statements herein represent the historical operations of Greenlane Holdings, LLC. The amounts as of September 30, 2019 and for the period from April 23, 2019 through September 30, 2019 reflect the consolidated operations of Greenlane Holdings, Inc.

Use of Non-GAAP Financial Measures

To supplement Greenlane's unaudited condensed consolidated financial statements, which are prepared and presented in accordance with generally accepted accounting principles in the United States (U.S. GAAP), Greenlane uses Adjusted Net (Loss) Income and Adjusted EBITDA, which are non-GAAP measures, in this press release. Greenlane defines Adjusted Net (Loss) Income as net (loss) income before equity-based compensation expense, changes in fair value of our convertible notes, debt placement costs for the convertible notes, and nonrecurring expenses primarily related to our transition to being a public company. The debt placement costs related to the convertible notes issued reported in the interest expense line item in the unaudited condensed consolidated statement of operations and comprehensive loss. Non-recurring expenses related to our transition to being a public company, which are reported within general and administrative expenses in our condensed consolidated statements of operations, represent fees and expenses primarily attributable to consulting fees and incremental audit and legal fees. Greenlane defines Adjusted EBITDA as net (loss) income before interest expense, income tax expense, depreciation and amortization expense, equity-based compensation expense, other income, net (which includes a gain recognized on an equity investment and a gain due to the reversal of our tax receivable liability), changes in fair value of our convertible notes, and non-recurring expenses primarily related to our transition to being a public company.

The presentation of these financial measures is not intended to be considered in isolation or as a substitute for, or superior to, financial information prepared and presented in accordance with GAAP. Investors are cautioned that there are material limitations associated with the use of non-GAAP financial measures as an analytical tool. These measures may be different from non-GAAP financial measures used by other companies, limiting their usefulness for comparison purposes.

Greenlane discloses Adjusted Net (Loss) Income and Adjusted EBITDA, which are non-GAAP performance measures, because management believes these metrics assist investors and analysts in assessing the Company's overall operating performance and evaluating how well Greenlane is executing its business strategies. You should not consider Adjusted Net (Loss) Income or Adjusted EBITDA as alternatives to net (loss) income determined in accordance with U.S. GAAP as indicators of Greenlane's operating performance.

For more information on Greenlane's non-GAAP financial measures and a reconciliation of GAAP to non-GAAP measures, please see the "Reconciliation of GAAP to Non-GAAP Results" table in this press release.

Forward Looking Statements

Certain matters within this press release are discussed using forward-looking language as specified in the Private Securities Litigation Reform Act of 1995, and, as such, may involve known and unknown risks, uncertainties and other factors that may cause the actual results or performance to differ from those projected in the forward-looking statement. These forward-looking statements include, among others: comments relating to the current and future performance of the Company's business; growth in demand for the Company's products; growth in the market for cannabis, nicotine and hemp-derived CBD products; the Company's marketing and commercialization efforts the Company's; and the Company's financial outlook and expectations. For a description of factors that may cause the Company's actual results or performance to differ from its forward-looking statements, please review the information under the heading "Risk Factors" included in the final prospectus relating to the Company's initial public offering filed pursuant to Rule 424(b) of the Securities Act of 1933, as amended, which was filed with the SEC on April 22, 2019 and is accessible on the SEC's website at www.sec.gov.

¹ Unaudited pro forma financial information represents the combined results for the Company and Conscious Wholesale for the three months ended September 30, 2019 as if Conscious Wholesale had been acquired on January 1, 2018, and its results had been included in the consolidated results of the Company beginning on that date. The pro forma amounts have been calculated after applying the Company's accounting policies to the unaudited financial statements of Conscious Wholesale and adjusting the combined results of the Company and Conscious Wholesale (a) to reflect the increased amortization expense that would have been charged assuming intangible assets identified in the acquisition of Conscious Wholesale had been recorded on January 1, 2018. The fair value analysis of the identified intangibles assets used in the calculation of the adjustment described above is preliminary and pending completion. The impact of the Conscious Wholesale acquisition on the actual results reported by the Company in subsequent periods may differ significantly from that reflected in this pro forma information for a number of reasons, including but not limited to, non-achievement of the expected synergies from this business combination and changes in the regulatory environment. As a result, the pro forma information is not necessarily indicative of what the Company's results of operations would have been had the acquisition been completed on the applicable dates of this pro forma financial information. In addition, the pro forma financial information does not purport to project the future financial condition and results of operations of the combined Company.
